

Hello,

I am a New London resident who travels to NYC a few times a month. I currently have to drive to Old Saybrook to take the train Friday afternoon because the train doesn't stop in New London when I need it. Also the return trip home on Sunday doesn't go to New London. The tracks are there, It would be much more convenient if I could walk to the train in New London and not need my car at all.

I hope you approve the Shoreline East train to increase it's service to New London.

Thank You

Michelle Behr
